PayPal allows its users to initially set up their account on the PayPal.com website in the easiest way and in the shortest amount of time, using their personal or company information and using just one email. In the beginning, PayPal will ask you to create an account with your real information; however, in these steps, the company will not ask you for information to control and authenticate. Once you have an active PayPal account with a balance and linked to a bank account, you can use it from all portals that pay with PayPal.
